

New posting

Nawi Island is looking for motivated, organized and goal-orientated person for the position of a:

1. Graduate Engineer x 1

We offer equal employment opportunities and promote a positive and healthy work environment. We are looking for a candidate who is interested in building a career pathway in mechanical or civil engineering.

Skills and qualifications required are:

- Have at least a Bachelor / Diploma (level 6) in Mechanical / civil engineering
- Be able to supervise maintenance crew daily.
- Be able to work closely with the construction & operational team to deliver on the different facets of the project scope.
- Have knowledge of construction materials in various facets: Carpentry, electrical, mechanical, plumbing, utility services etc.
- Be able to work flexible hours – required to work shifts, weekends and public holidays.
- Must have a valid driver's license.
- Must have basic computer knowledge
- Must be a hands-on person and be able to multitask.
- Abide to OHS policies, PPE requirement, etc, while on the job.

If you meet the above requirements, please email us at **hr@nawiisland.com**

Mark the subject – “**Vacancy - Position**” and please attach your passport photo, CV, TIN letter/card, and relevant documents.

Applications close at 4pm on Monday 31st of August, 2026.
